

# Thank you for choosing Contour Heating

We're delighted you've selected one of our anti-ligature TV cabinets and hope it will serve your needs for many years to come. This leaflet provides essential guidance on cleaning, maintenance, and our after-sales service. We recommend keeping this document handy for future reference.

If you have any questions, our team is happy to assist—simply call us on: **+44 (0)1952 290498**

## Routine Cleaning Guidelines

To keep your cabinet in top condition, follow these cleaning tips:

### Cabinet Surfaces:

The melamine-faced surfaces require minimal effort to stay clean. Simply wipe with a damp, soft cloth, followed by a dry cloth. For organic stains, use a mild soap or detergent, taking care to avoid excessive moisture or abrasive materials. For tougher stains, use a proprietary cleaner as per the manufacturer's instructions.

### Protective Screen:

The clear polycarbonate screen is highly durable and scratch-resistant. Clean it with a damp, soft cloth and then dry it immediately. You can use mild soap or detergent, but **do not** use abrasive cleaners or materials that could damage the coating.

## Maintenance Advice

### Locks:

Each fitted lock features a unique number stamped on both the key and the lock face. If you require replacement or spare keys, simply provide us with this number when you call.

### Star Keys:

Star keys are widely available from local hardware stores or can be ordered directly from us.

## After-Sales Support

At Contour Heating, we understand the demands of challenging environments. That's why we offer a reliable after-sales service to help maintain the safety, appearance, and longevity of your cabinet.

We can provide:

- **Expert Advice** on maintenance and repair.
- **Spare Parts** at competitive prices.
- **Specialist Tools**, such as screwdriver bits for tamperproof screws.

If your cabinet sustains damage or requires any additional support, call us for prompt assistance. Our team is here to ensure your cabinet remains safe, functional, and looking its best for years to come.
